A FAMILY WIPED OUT!

Of Existence by a Drunken Brute—He Kills His Wife, Two Children and Then Himself.

ASHLAND, Wis., Feb. 19.—Joseph Brogan, a drunken and shiftless laborer, living at Upson, in this county, killed his wife and two little boys, Hugh and John, aged five and six respectively, and then cut his own throat, at 7 o'clock this morning.

His wife had been supporting the family and the husband spent his earnings for whisky. They had a quarrel at the breakfast table and he struck her several times and then cut her throat and slashed her about the head with a razor.

The little boys were killed as they were getting out of bed to summon the neighbors. He then cut his own throat. When the neighbors burst into the house, which consisted of only one room, the bodies were still warm, but life was extinct in each case.

A RACE WAR

In Progress in Alabama and Trouble is Feared.

BIRMINGHAM, Ala., Feb. 20.—A race war has broken out at Bradford Mines. The trouble grew out of a fight between a white man named Jim Cochrane, and a negro miner, in which Cochrane used him up. The negroes swore vengeance.

Monday night a mob went to Cochrane's house to hang him, but he had received warning and fled with his wife and children. The mob broke open the door, made a wreck of his household goods, and fired about fifty shots in the house, shattering all the doors and windows. They then started for the mines. A bloody encounter is feared.

JOSEPH A. MOORE.

The Indianapolis Insurance Man is Sued for $30,000.

NEW YORK, Feb. 20.—Joseph A. Moore, the insurance agent of Indianapolis, whose defalcation created a stir some time ago, has been sued for $30,000 by the Connecticut Mutual Life Insurance company. An order for the service of the summons by publication has been granted by Justice O'Brien.

For the Pope.

MONTREAL, Feb. 20.—A sensation was created in the provincial legislature last night by a resolution offered by one of the Ultra Montane leaders, expressing sympathy for the Pope, and adding the opinion that his former temperal power should be restored. As soon as the government members heard of the resolution they had a stormy interview with the Ultra Montane man, the result being the withdrawal of the resolution.

A Temperance Crusade.

WATERLOO, Ia., Feb. 20.—A temperance crusade has broken out at Independence. Judge Ney, of the district court, has sentenced two men, found guilty of selling liquors in original packages, to long terms in jail, and yesterday the American Express company was cited to appear before the court and resist the issuance of an injunction to restrain it from carrying liquors to Independence.

Foreign News.

TANGIERS, Feb. 20.—It is reported here that the sultan of Morrocco has granted the request of the German government for a portion of the coast near the Algerian frontier, upon which to found a naval station.

BERLIN, Feb. 20.—The Cologne *Gazette* says that Germany demands that the United States government arrest and punish the correspondent Klein for his actions in Samoa.

A Dude Swindler.

MONTREAL, Feb. 20.—An elegantly dressed swindler, who arrived at Iberville from California a few days ago, has fled after swindling a wealthy farmer named Dumas out of $40,000, by claiming to be Dumas' son, who mysteriously disappeared forty years ago. The son was only six years old when he disappeared and was supposed to have been kidnapped.

A Bridge Tumbles.

MONTREAL, Feb. 20.—At Cowansville, yesterday, the floor of a bridge upon which repairs were being made, gave way, and fell a distance of fifteen feet. A number of workmen were carried down and buried beneath the timbers. J. Tipney received a fatal fracture of the skull, and several others were seriously injured.

Failures.

BOSTON, Feb. 20.—James A. Daniels, jr., boot and shoe dealer, of Hartford, Conn., has assigned. The liabilities are $19,417, and the nominal assets about $16,000.

CABINET GOSSIP.

California Will be Left Out in the Cold—Mrs. Noble at Washington to Rent a House.

INDIANAPOLIS, Ind., Feb. 20.—Until within the past few days it has been generally believed that California would certainly be represented in the cabinet, but the prevailing impression just now is that the Pacific slope is going to be left out in the cold.

The recent publication of a complete cabinet slate with California omitted has given rise to many conjectures as to the cause.

The generally accepted theory is that it is due to the fact that there are too many ambitious aspirants whose friends were entirely too ready to privately make detrimental charges.

It is however by no means regarded as settled that either Judge Estee's name or some other Californian will not finally appear among those chosen for the cabinet.

WASHINGTON, Feb. 20.—Mrs. JohnW. Noble, of St. Louis, arrived in this city yesterday, and is at the Hotel Normandy. It is supposed that she is here for the purpose of renting a home for a residence after March 4.

This is regarded as confirmatory of the report sent out in the United Press dispatches last night and since repeated from Indianapolis that Gen. Noble will be a member of the cabinet of President Harrison.

DR. BLISS.

Garfield's Old Physician Stricken With Paralysis.

WASHINGTON, Feb. 20.—Dr. D. W. Bliss, one of President Garfield's physicians, was last night stricken with parlysis, and this afternoon he is very low. He is speechless and his friends have no hopes for his recovery.

He is the New Federal Commissioner at Fort Wayne.

Elmer Leonard, of this city, was yesterday appointed United States commissioner in place of James B. Harper, resigned. Mr. Leonard is a member of the firm of Leonard Bros., attorneys at law, and in every way competent and acceptable.

In the superior court, Christopher Buschman was given a judgment of foreclosure against Frederick and Catharine Hartman. The creditors will be satisfied in the following order: W. H. Driver, $3,100; Christopher Busching, $679; Alderman & Yarnelle, $885.

The special services at the Berry street church are now near the close of the sixth week, and it is highly probable that they will conclude with the exercise of this evening. The converts, those who have united with the church, the membership, and all others, are invited to the service to-night. Come at 7:30 o'clock.

AN INDIAN OUTBREAK.

Feared in Montana as a Result of a Deadly Fight in Which an Indian Was Killed.

HELENA, Mont., Feb. 20.—Intelligence of an Indian outbreak at Demoreville, Mont., in the Flathead country, reached here yesterday. J. E. Clifford, postmaster at that place, caught an Indian stealing goods from the rear of his store, and in the fight that resulted in his attempt to recover the goods the Indian was killed.

Many rumors are rife. The story given the most credit is that the Indians laid in wait for Clifford and killed him between his store and the hotel. It is reported that Dr. Cunningham was also killed, but the story is also denied. An intensely bitter feeling exists between the settlers and the Indians, as the former have been greatly annoyed by prowling Indians from the reservation as well as from the Tobacco Plains country to the north.

An uprising on the part of each side depends upon whether or not Clifford and Cunningham have been killed. The stage from Flat Head is now past due at Ravelli and the people are anxiously awaiting it. The section where the trouble originated is without telegraph facilities.

INDIANAPOLIS.

The Bill Creating the Supreme Court Commission Passed—Senator Johnson on the War Path.

INDIANAPOLIS, Feb. 20.—The bill creating the supreme court commission was passed in the senate this morning under the previous question rule enforced by the majority.

Senator Boyd then sought to bring up the bill creating the department of geology, but Senator Johnson obtained the floor, and a wrangle ensued. The chair allowed Senator Johnson five minutes, which he devoted to scoring the majority, denouncing the enforcement of the rule which prevented the minority from explaining their votes. When the five minutes expired the presiding officer interrupted Johnson, who continued his denunciations. Whereupon the chair ordered the roll called. Great confusion and excitement prevailed and the republican senators gathered about Johnson, who defiantly challenged any doorkeeper to seat him. For a time a free fight seemed imminent, and when quiet was restored it was announced that a caucus of republicans would be held immediately after adjournment. It is thought all the republican senators may decide to resign their seats and leave the senate without a quorum.

PUT HIM TO SLEEP!

"Big Jim," the Farm Hand, Tackles White, the Pugilist.

BALTIMORE, Feb. 20.—A prize fight took place between 3 and 4 o'clock, this morning, on a Pennsylvania farm near the Maryland line, for a purse of $300 contributed by Baltimore clubmen.

The contestants were Billy White, of New York City, and Con Tobin of Albany, N. Y. Both are heavy weights.

In the first round Tobin broke his left forearm and the knuckles of his right hand were split. He could not go on and the fight and purse were given White. White gave Tobin $50.

Billy then volunteered to continue to fight if the spectators could get some one to stand up to him. "Big Jim," a farm hand, said he could knock White out and stripped for the fight. At the end of the sixth round Jim was sleeping. He got $20 for his punishment.

Mr. Eckart said this morning that he proposed to erect a handsome wholesale and retail meat market on the premises, as he proposed to enlarge and beautify his Calhoun street store for other business.

BUTCHERS AT WAR.

Rich, the Meat Market Man, Accused of Selling an Aged Article.

There is a lively war between the butchers, over some beef killed for Rich, the Harrison street dealer, by Leykauf.

A sample of the slaughter hangs in front of the shop and judges pronounce it bad.

Mr. Fred Eckart examined it this morning and found it, he says, decayed. He directed the attention of the health officer, Dr. Metcalfe, to the matter and demanded that the meat be condemned.

Dr. Metcalfe doubts his power in the premises and a pretty war is on.

It suggests the necessity of a city meat inspector, and to be serious there is urgent need of such an officer.

RIVAL MARKETS.

The East and West Side People Bidding for Trade.

Since the country produce market has been driven from Calhoun street, there is great rivalry between the east and west side buyers for market favors. It will be recalled that the council offered Harrison and Barr streets to the farmers.

Some of the west side merchants send their agents to Barr street and for cash considerations induce farmers to drive to Harrison street. The other side has not resorted to these tactics, but say they will if the war is continued.

In the meantime the farmer is living like a prince.

THE MAHONING.

The New Road to Come to Fort Wayne Before June.

General Manager Haskell, of the Mahoning road, was at Findlay yesterday, and stated that his company had signed a lease for ninety-nine with the Lake Erie and Western road, for the use of their tracks, yard and depot and right-of-way through the city. This looks as if the company intends to go east via the northern route and pass through Tiffin. He also expected to be running their trains into Fort Wayne, Ind., by the first of June.

FRANK FALKER.

He Announces His Candidacy for City Marshal.

Mr. Frank Falker, assistant secretary of the senate, writes a friend from Indianapolis that he will be a candidate for city marshal in the spring, before the democratic primaries.

This precipitates a lively battle for this place since the present marshal, Dick Meyers, Officer Henry Franke and James Wilkinson, the federal marshal, are candidates for the place.

A White Debtor is Sold in Montana at Public Auction by a Negro Constable.

HELENA, Mont., Feb. 20.—On Monday, J. M. Chatworthy, a white man, drew a pistol on a negro, for which offense he was fined fifty dollars and costs, making fifty-four dollars. Not having the money he was put up at auction yesterday, by the negro constable, to be sold to the highest bidder, according to the law, which also requires that the debtor shall be kept by the purchaser the number of days during which the fine runs at the rate of seventy-five cents a day. The prisoner was knocked down to one of his friends at twenty-five cents a day, the bidding not being lively.

CONGRESS.

WASHINGTON, Feb. 20.—The senate to-day passed the senate bill for the relief of settlers in Hettinger county, Dakota, and the senate bill granting to the Hot Springs Benevolent association the right to occupy and control certain lands in Hot Springs, Arkansas, for hospital purposes for the visiting poor; also the resolution of Mr. Hoar in relation to the administration of the sugar division of the appraiser's office in New York, by John McElew.

At the conclusion of the morning hour the sundry civil bill was taken up.

The senate committee on public buildings and grounds reported favorably to-day the bill for a building at New Bern, N. C., with the appropriation reduced from $100,000 to $75,000.

HOUSE.

Mr. Casewell, of Iowa, called up the conference report on the direct tax bill, in the house, to-day, directly after the reading of the journal. Mr. Crisp antagonized it with the Sullivan-Felton election case. By a vote of 134 nays to 93 nays the house determined to consider the conference report. Mr. Bland then moved a reconsideration and Mr. Kelly moved to table the motion to reconsider.

The house has agreed to the conference report on the direct tax bill. It now goes to the president.

WEDNESDAY, FEB. 20, 1889

UP to date the federal marshals have made 108 arrests on indictments returned by the grand jury. What a pity Dudley is not one of the many.

THE building associations of Indianapolis are taking action on the Barrett tax bill. The controversy will undoubtedly result in wholesome reforms being enacted.

THE Washington *Democrat* has hoisted the name of James C. Lavelle, auditor of Daviess county, as the democratic nominee for state auditor in 1890. Political flowers that bud so early will be plucked first.

GEN. MILO S. HASCALL, of Goshen, is sending to his soldier friends a pamphlet copy of "Personal Recollections Concerning the Batile of Stone River"—a paper read by request before the Illinois commandery of the Military Order of the Loyal Legion of the United States, at Chicago, on the 14th inst.

IT is a broad statement—but the authority of Hon. Hugh McCulloch is good—that no bank in the United States, the capital of which was a cash realty, and whose managers were not thieves or the borrowers of its money, has ever failed. All bank failures, he asserts are fraudulent, and all who are responsible for such failures are betrayers of trusts and should be punished as criminals.

THOMAS M. NICHOLS, extensively known throughout the country as "Honest Money Nichols," and who died in New York City on the 10 inst., after a protracted illness, was Governor Porter's prompter during the memorable joint discussion between Porter and Franklin Landers in the campaign of 1880. Mr. Nichols made himself quite conspicuous on the platform in this city and still more so at South Bend.

THE authorities of New York City are already discussing the necessity of placing wires underground and prove such a change to be economical. It was stated in a communication from the president of the Manhattan Electric Light company that the operation of underground cables has proved available and desirable after a year's test. The Western Union Telegraph company has removed 250 miles of wires from the streets since January.

THE conference called by the American tariff reform league began at Chicago yesterday under the most favorable auspices. Delegates to the number of several hundred are present, representing two thirds of the states and territories and including many gentlemen of national reputation. The proceedings at the opening session were full of interest and enthusiasm. T. Sterling Morton, of Nebraska, who was elected president, made a stirring address. Reports from all over the country showed a hopeful feeling among the tariff reformers. President Cleveland's letter was received with hearty demonstrations, and every allusion to him was applauded. Last night Charles W. Ladd, of Illinois, Governor Buckner, of Kentucky, and Thomas G. Shearman, of New York, addressed an immense meeting at Central music hall. The conference will continue until Thursday night. Among the delegates from Indiana are: N. C. Ransburg, Laporte; W. F. Palmer, Frankfort; William M. Boggs, Marion; Dr. A. H. Robbins, Rochester; F. W. McCaughery, Attica; Charles Vinson, South Bend; E. V. Bingham, Mishawaka; Albert Z. Foster, Terre Haute, and S. M. Foster, Fort Wayne.

THE location of the Fort Wayne Jenney Electric Light company's shops has been a matter of unusual interest since the complete destruction of the works by fire three months ago. The directors of the company met yesterday at the Wayne hotel, with C. A. Coffin representing the Boston syndicate, which owns a big block of the stock, and discussed the situation for four hours. At the conclusion of the meeting General Manager R. T. McDonald, stated that the works would in all probability, be removed to Brooklyn, N. Y., where the company now operate the old Arnoux & Hochhausen electric light factory. The people of Fort Wayne will regret, of course, to lose the works, and the works will eventually regret to lose Fort Wayne. It is here they grew to greatness; here the light was first introduced, and all the time the city has been friendly to the company. We can not argue, however, that our people should, from their individual earnings, make good the losses of the company, for we could not justify such a course, and the precedent would never end. If the Fort Wayne Jenney Electric Light works can afford to lose their identity; if its promoters can afford to quit the city that knows and appreciates their achievements for a money consideration, then we can afford to lose them. Its not a choice but a necessity.

THE LEGISLATURE.

A New Salary Bill Engrossed in the House—School Books, Natural Gas and Civil Service.

INDIANAPOLIS, Feb. 20.—The economy and reform statesmen, deplorably few in number at this session, had their inning in the house yesterday, when Mr. Foster's bill fixing salaries to be paid county officers, instead of allowing them fees, came up for consideration as a special order. Mr. Foster talked long and loud without receiving any attention, while Mr. Kelley screeched, until as he remarked himself, "His whistle wouldn't work any more without water." He was guyed by some of the members and in reply to one of them he yelled, "You can't daunt me, gentlemen. My neck has been straddled too often in the last few years for anything of that kind." "Little Big," of the Marion county delegation, tried to convince the house that if the salaries were paid to the county officers the expense would be greater to the tax payers than if the fee system should be continued. In a county of 20,000 population he said that the yearly expense for salaries would be $13,000, while now the amount paid out is only $6,000. Mr. Kelley favored placing the officers on salaries and reducing the amount to be paid them even lower than the bill proposed. Mr. Pleasants finally moved that the bill be referred back to the committee, which would have virtually killed it, but the motion was laid on the table by a vote of sixty-seven to twenty-five, and the bill, after further discussion, was engrossed. A number of county officers were in the house lobbying against the bill. The salaries proposed for county clerks, auditors, treasurers and sheriffs are as follows: In counties where the population is 15,000 the sum of $1,500 per annum; for a population of 25,000, $1,750; for a population of 40,000, $2,000; more than 40,000 and less than 100,000, $2,500, and for more than 100,000, $3,500. The recorders, acording to the same grades, are allowed $1,000, $1,250, $1,500, $2,000 and $2,500. If fees are used by the officers they shall be prosecuted for embezzlement. Sheriffs are allowed for boarding prisoners forty cents a day, and for conveying prisoners to prison or the state asylums, fifteen cents a mile. The officers are allowed deputies and assistants as follows: When the population is below 25,000 one deputy at $1,000 a year, except the sheriff, who shall have one deputy at a salary $1,000 and a bailiff who shall receive $500, while the recorder's deputy shall be paid $600; where the population is between 25,000 and 40,000 the salaries of the deputies shall be $1,200; where over 40,000, two deputies, one at $1,500 and the other at $1,200. Where there is a circuit, criminal and superior court the clerk shall be allowed one deputy for each office. The bill is not to apply to any person who has been elected to office already.

Johnson's Civil Service Bill.

Though the civil service bill which Mr. Johnson introduced in the senate is likely to receive very scant consideration from the majority, it is worthy of a careful reading.

It provides for the appointment of three civil service commissioners by the governor. They shall be appointed from the three political parties which polled the largest number of votes at the last general election preceding their appointment. They shall elect a chief examiner, who shall hold competitive examinations at stated intervals, and the appointment to all appointive offices in the state public institutions shall be conditioned upon a successful passage of the proper examination. Different clauses of the bill give the preference in appointments to honorably discharged soldiers, make promotion dependent on merit, and fix a time of probation for the appointee before his position is permanently given him, and prohibit political assessments.

The New School Book Bill.

The house in the afternoon considered the new school book bill prepared by a special committee appointed last week. The bill directs that the state board of education shall solicit propositions for compiling and publishing the text books needed, but it provides that no contract shall be entered into which will make the cost of the books to the school patron higher than the following prices: Spelling books, 10 cents; second reader, 15 cents; third reader, 25 cents; fourth reader, 30 cents; fifth reader, 40 cents; arithmetic, intermediate, 50 cents; arithmetic, complete, 45 cents; geography, elementary, 30 cents; geography, complete, 75 cents; English, German, elementary, 25 cents; physiology, 35 cents; history of the United States, 50 cents; copy books, 5 cents.

It is provided that it shall be a part of the terms and conditions of every contract for the publication of books that the state shall not be liable for any sum to the contractor, but he must receive his pay solely and exclusively from the proceeds of the sale of books. The school trustees, through the county superintendent, shall make requisitions for such books as they need. A minority of the select committee reported a bill authorizing the county commissioners to enter into contracts with publishers for the purchase of the books needed in their respective counties, and then furnish the books to the school patrons at cost price. The minority bill was prepared by Mr. Brownlee.

Determined by the Caucus.

The democratic members of the house determined in caucus last night to pass the bill abolishing the office of president of benevolent boards, and three trustees will be elected for each institution. The candidates will be nominated on Thursday night at a caucus that has been called especially for that purpose. It is believed that the insane hospital board will be composed of Mr. Carson, of Shelbyville; Dr. James, of Muncie; and Joseph Flack, of this city.

Bills Approved.

The governor has approved the following bills:

Appropriating $125,000 to defray the expenses of the general assembly.

DEADWOOD, Da., Feb. 19.—John Wilson, the Homestake train robber who broke jail Friday night, was captured yesterday, in an empty cabin.

The importance of purifying the blood cannot be overestimated, for without pure blood you cannot enjoy good health.

At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and Hood's Sarsaparilla is worthy your confidence. It is peculiar in that it strengthens and builds up the system, creates an appetite, and tones the digestion, while it eradicates disease. Give it a trial.

It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Moralizing "Doc."

To the Editor of the Sentinel.

The moralizer (?) who writes for the *News* under the non de plume of "Doc," has suddenly discovered that because a large number of republicans were indicted by the federal grand jury for illegal voting and election crookedness, they also should try and find out if the civil service law had been violated by democrats holding office. He bemoans the fact that a stringent election law is about to be passed (which will be the work of a democratic legislature.) He also asserts that "$500 was spent in one precinct where 300 votes were cast." He ought to be summoned before the federal tribunal to give them some pointers. Here are a few lines from his last card in the *News*: "What is this money used for? Three words answer the question fully, so far as Indiana is concerned: To buy votes." Did he receive one of Colonel Dudley's famous "blocks of five" letters? He certainly writes like one who got his ideas from a fountain head like Dudley's. By the way, has he ever lifted his pen to moralize on the "Dudley plan of campaign?" or on the manner in which the able (?) judge of the federal court came to the rescue of the notorious corruptionist, Dudley, evidently at the bidding of him who will soon assume the high office of chief magistrate of our grand country? Echo answers, "Well, hardly ever." He has something caustic to say about "boodlers, swag dividers, and spoilers." By way of a little seasoning to some of his moralizations let him pay his respects to the famous and now much beloved (from a republican standpoint) Philadelphia boodler, who, for the sum of $200,000 contributed for legitimate campaign expenses, (Dudley handled the boodle) secures the chair in the presidential cabinet, which will have back of it the most patronage-pie—that of postmaster general. But then he will administer affairs from a civil service standpoint. Of course Merchant Wanamaker will?

'Doc' must have had in mind a number of the president-elect's cabinet officers when he wrote: "Fealty to party and unquestioning obedience to the dictates of the ring leaders, (here between the lines should appear the names of Quay, Dudley, etc., etc.,) is the open sesame to the public crib."

Yours Respectfully,

ANTI-DOC.

Fort Wayne, Ind., Feb. 20, 1889.

Don't Get Caught

This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid and whole system liable to be prostrated by disease, but get yourself into good condition, and ready for changing and warmer weather, by taking Hood's Sarsaparilla. It stands unequalled for purifying the blood, giving an appetite and for a general spring medicine.

Had Work at Hurshtown.

To the Editor of THE SENTINEL:

There is a small village in the northern part of Allen county, by the name of Hurshtown, which is the ruination of many of our promising young men. They meet at a certain place in the village for the purpose of gambling, smoking and drinking. The liquor which curses them, is sold principally without a license, and contrary to law, is kept and disposed of in the same building where the postoffice is. Let this be a warning to the liquor dealer. If such practices are not discontinued the officers will be notified.

AN EYE WITNESS.

It is not always convenient to call a physician for every little ailment, and in many cases it is not only inconvenient, but impossible to reach one promptly. Having Pond's Extract in the house, you have a physician always at hand. It is easy of application, safe and reliable. For Sore Throat, Stiff Neck, Chapped Hands and face, it is of inestimable value. Frosted Limbs and Chilblains are promptly relieved by Pond's Extract. For sale everywhere. Be sure to get the genuine.

Governor Larrabee.

DES MOINES, Ia., Feb. 19.—The indictment of Governor Larrabee by the Polk county grand jury for criminal libel of Mrs. H. S. Turner has created wide spread comment. The indictment was decided upon by the jury on Friday night. Bail has been fixed at $500 and has been given. The governor's counsel has asked that the trial be set for Thursday of this week.

A Great Surprise.

Is in store for all those who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free? It never fails to cure acute pain or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50c and $1.

EVERY NIGHT I SCRATCHED

Until the skin was raw. Body covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the Cuticura Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the Cuticura Remedies have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clear as a baby's.

Catarrh to Consumption.

Catarrh in its destructive force stands next to and undoubtedly leads on to consumption. It is therefore singular that those afflicted with this fearful disease should not make it the object of their lives to rid themselves of it. Deceptive remedies concocted by ignorant pretenders to medical knowledge have weakened the confidence of the great majority of sufferers in all advertised remedies. They become resigned to a life of misery rather than torture themselves with doubtful palliatives.

But this will never do. Catarrh must be met at every stage and combated with all our might. In many cases the disease has assumed dangerous symptoms. The bones and cartilage of the nose, the organs of hearing, of seeing and of tasting so affected as to be useless, the uvula so elongated, the throat so inflamed and irritated as to produce a constant and distressing cough.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never failing.

Each package contains one bottle of the Radical Cure, one box Catarrhal Solvent, and an Improved Inhaler, with treatise; price, $1.

Than this New Compound of Tar for

Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and

Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by *impure blood*, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

THE NEWS AT THE DEPOTS.

The Busy Hum as It is Heard Around the Railroads and Factories of the City.

Engineer Joe Woods has returned from Texas.

Big stock shipments are passing east on the Pittsburg road every day.

Ticket Agent Dick Thompson, of the Wabash, went east this morning on the Pittsburg.

The boiler department of the Pittsburg shops is engaged on work for the new locomotives.

Fred Miller, machinist at the Bass works, has returned to duty after a sickness of some time.

G. M. Wheeler, traveling passenger agent of the Missouri, Kansas and Texas road, was in the city last evening

Clerk Christ Daseler attended to many of the duties of the foreman of the machine department at the Pittsburg car shops during the latter's sickness.

Geo. Hebbison, night watchman at the Wabash shops, says the thermometer at that place indicated four degrees below zero at six o'clock this morning.

The Grand Rapids and Indiana railroad company is hauling an average of sixty car loads of ice a day from Michigan to Cincinnati and other southern points.

The Sunday freight trains on the Pittsburg road are now a thing of the past and the trainmen can hereafter have their one day of rest in seven as other men do.

George Needhammer, formerly of the Pittsburg shops, has not gone to Huntington as stated a few days ago, but is now is in the employ of the electric light company in this city.

Many of the manufacturers in the southern part of the city send their telegrams through the office of the Western Union located in the Pittsburg waiting rooms. Operator Weller is in charge of it.

Hiram Philley will take the position of clerk under Foreman of Road Engineers A. H. Polhamus, at the Pittsburg, made vacant by the resignation of Harry Polhamus. Mr. Philley is a pleasant and capable young gentleman.

The Wabash management has created a new position—that of inspector of station and train service. C. W. Hazletine has been appointed to fill the position. His special work will be to see that station agents and trainmen are well posted in their duties and are working for the best interests of the road.

The fastest running done by the limited express train over the Vanderbilt lines, between New York and Chicago, is done over the 143 miles of track between Toledo and Elkhart, Ind. This distance is covered in 160 minutes, and the train has to slow up four times at railroad crossings and make two stops at stations.

The east bound shipments of grain, flour and provisions by the Chicago lines in the Central Traffic association last week aggregated 41,292 tons, against 35,840 for the previous week, an increase of 5,452 tons, against 41,656 for the corresponding week last year, a decrease of 664 tons. The Vanderbilt lines carried 42.2 per cent of the total; the Pennsylvania lines, 26.7; the Grand Trunk, 22.5; the Baltimore & Ohio, 7.9; the Big Four, .7.

W. H. Polhamus, who for the past seven years has been clerk at the Pennsylvania company's offices in this city, has resigned that position and will about the 15th of next month enter the gents' furnishing business for himself. He will open an establishment in a new building on Calhoun street, south of the railroad. Mr. Polhamus is a pleasant and competent young gentleman and will meet with success in business. He has a host of friends, and, with them, THE SENTINEL wishes him success.

The Pullman Palace Car company, according to current report, is about to establish a second-class sleeping car service on a part of the systems over which it operates. The charge will be about half of the present rates. The plan seems to be to try this new scheme at first only on trains running between the chief centers, with a prospect of extending it indefinitely. The Pullman management considers that the new project would appeal to a large number of travelers who are prevented by high charges from availing themselves of the luxury of sleeping cars.

In the centennial year the number of pieces of baggage handled by the Pennsylvania railroad company amounted to 1,600,000, which was the highest point reached up to that time, and was then considered a remarkable record for the year. These figures, however, dwindle into insignificance when compared with those of the year just closed. In 1888 the number of separate pieces handled reached 3,200,000, representing an aggregate money value of $200,000,000. These figures include only "outbound" baggage or that which has been checked and forwarded. The "inbound" receipts amount to about 1,800,000 pieces, aggregating a grand total of 5,000,000 pieces handled. Of this number, it is reported, only three pieces were lost en route from starting point to destination.

CAPTAIN BOLTZ.

He is Endorsed for Postmaster by an Old Army Comrade.

General Reub Williams says in the Warsaw *Times*: "The old members of what is generally known as the Twelfth Indiana infantry, will be pleased to learn that Ferdinand Boltz—the sergeant major of that command—is a candidate for the postmastership of Fort Wayne. After the "muster out" of the original Twelfth Indiana infantry, Boltz became a captain in the gallant old Eighty-eighth Indiana, of which the late George Humphreys was the colonel, and at Bentonville, N. C., one of the last struggles of the war, Boltz covered himself all over with glory, and did very effective service. There is no man whom the surviving members of both the Twelfth and the Eighty-eighth would like to see recognized more than Ferd. Boltz, and we are happy to learn from those conversant with the situation that his prospects for getting the position are unusually bright."

Sealed Proposals.

Sealed proposals will be received until 2 o'clock p. m., on the 10th day of March, 1889, for the labor and materials required in the erection and completion of a new church building for the Second Presbyterian church, Fort Wayne, Ind., in accordance with the plans and specifications, copies of which can be seen at the office of F. B. Kendrick, Architect, 38 Calhoun street.

WHAT

Are Misfits and where do they come from? These are questions often asked by those who are not acquainted with this mode of doing business.

Our Reply:

They are such goods as were misfitted or uncalled for by the parties who ordered them and left on the tailors' hands. We have agents in all the principal cities in the United States, who buy up these goods at such prices that enable us to sell them at one half the original ordered prices. A FAMILY WIPED OUT!

Of Existence by a Drunken Brute—He Kills His Wife, Two Children and Then Himself.

ASHLAND, Wis., Feb. 19.—Joseph Brogan, a drunken and shiftless laborer, living at Upson, in this county, killed his wife and two little boys, Hugh and John, aged five and six respectively, and then cut his own throat, at 7 o'clock this morning.

His wife had been supporting the family and the husband spent his earnings for whisky. They had a quarrel at the breakfast table and he struck her several times and then cut her throat and slashed her about the head with a razor.

The little boys were killed as they were getting out of bed to summon the neighbors. He then cut his own throat. When the neighbors burst into the house, which consisted of only one room, the bodies were still warm, but life was extinct in each case.

A RACE WAR

In Progress in Alabama and Trouble is Feared.

BIRMINGHAM, Ala., Feb. 20.—A race war has broken out at Bradford Mines. The trouble grew out of a fight between a white man named Jim Cochrane, and a negro miner, in which Cochrane used him up. The negroes swore vengeance.

Monday night a mob went to Cochrane's house to hang him, but he had received warning and fled with his wife and children. The mob broke open the door, made a wreck of his household goods, and fired about fifty shots in the house, shattering all the doors and windows. They then started for the mines. A bloody encounter is feared.

JOSEPH A. ROOME.

The Indianapolis Insurance Man to be sued for $30,000.

NEW YORK, Feb. 20.—Joseph A. Moore, the insurance agent of Indianapolis, whose defalcation created a stir some time ago, has been sued for $30,000 by the Connecticut Mutual Life Insurance company. An order for the service of the summons by publication has been granted by Justice O'Brien.

For the Pope.

MONTREAL, Feb. 20.—A sensation was created in the provincial legislature last night by a resolution offered by one of the Ultra Montane leaders, expressing sympathy for the Pope, and adding the opinion that his former temporal power should be restored. As soon as the government members heard of the resolution they had a stormy interview with the Ultra Montane man, the result being the withdrawal of the resolution.

A Temperance Crusade.

WATERLOO, Ia., Feb. 20.—A temperance crusade has broken out at Independence. Judge Ney, of the district court, has sentenced two men, found guilty of selling liquors in original packages, to long terms in jail, and yesterday the American Express company was cited to appear before the court and resist the issuance of an injunction to restrain it from carrying liquors to Independence.

Foreign News.

TANGIER, Feb. 20.—It is reported here that the sultan of Morrocco has granted the request of the German government for a portion of the coast near the Algerian frontier, upon which to found a naval station.

BERLIN, Feb. 20.—The Cologne *Gazette* says that Germany demands that the United States government arrest and punish the correspondent Klein for his actions in Samoa.

A Bank Swindler.

MONTREAL, Feb. 20.—An elegantly dressed swindler, who arrived at Iberville from California a few days ago, has fled after swindling a wealthy farmer named Dumas out of $40,000, by claiming to be Dumas' son, who mysteriously disappeared forty years ago. The son was only six years old when he disappeared and was supposed to have been kidnapped.

A Bridge Tumbles.

MONTREAL, Feb. 20.—At Cowansville, yesterday, the floor of a bridge upon which repairs were being made, gave way, and fell a distance of fifteen feet. A number of workmen were carried down and buried beneath the timbers. J. Tipney received a fatal fracture of the skull, and several others were seriously injured.

Failures.

BOSTON, Feb. 20.—James A. Daniels, jr., boot and shoe dealer, at Hartford, Conn., has assigned. The liabilities are $19,417, and the nominal assets about $16,000.

CABINET GOSSIP.

California Will be Left Out in the Cold—Mrs. Noble at Washington to Rent a House.

INDIANAPOLIS, Ind., Feb. 20.—Until within the past few days it has been generally believed that California would certainly be represented in the cabinet, but the prevailing impression just now is that the Pacific slope is going to be left out in the cold.

The recent publication of a complete cabinet slate with California omitted has given rise to many conjectures as to the cause.

The generally accepted theory is that it is due to the fact that there are too many ambitious aspirants whose friends were entirely too ready to privately make detrimental charges.

It is however by no means regarded as settled that either Judge Estee's name or some other Californian will not finally appear among those chosen for the cabinet.

WASHINGTON, Feb. 20.—Mrs. John W. Noble, of St. Louis, arrived in this city yesterday, and is at the Hotel Normandy. It is supposed that she is here for the purpose of renting a home for a residence after March 4.

This is regarded as confirmatory of the report sent out in the United Press dispatches last night and since repeated from Indianapolis that Gen. Noble will be a member of the cabinet of President Harrison.

DR. BLISS.

Garfield's Old Physician Stricken With Paralysis.

WASHINGTON, Feb. 20.—Dr. D. W. Bliss, one of President Garfield's physicians, was last night stricken with paralysis, and this afternoon he is very low. He is speechless and his friends have no hopes for his recovery.

AN INDIAN OUTBREAK.

Feared in Montana as a Result of a Deadly Fight in Which an Indian Was Killed.

HELENA, Mont., Feb. 20.—Intelligence of an Indian outbreak at Demorsville, Mont., in the Flathead country, reached here yesterday. J. E. Clifford, postmaster at that place, caught an Indian stealing goods from the rear of his store, and in the fight that resulted in his attempt to recover the goods the Indian was killed.

Many rumors are rife. The story given the most credit is that the Indians laid in wait for Clifford and killed him between his store and the hotel. It is reported that Dr. Cunningham was also killed, but the story is also denied. An intensely bitter feeling exists between the settlers and the Indians, as the former have been greatly annoyed by prowling Indians from the reservation as well as from the Tobacco Plains country to the north.

An uprising on the part of each side depends upon whether or not Clifford and Cunningham have been killed. The stage from Flat Head is now past due at Ravelli and the people are anxiously awaiting it. The section where the trouble originated is without telegraph facilities.

INDIANAPOLIS.

The Bill Creating the Supreme Court Commission Passed—Senator Johnson on the War Path.

INDIANAPOLIS, Feb. 20.—The bill creating the supreme court commission was passed in the senate this morning under the previous question rule enforced by the majority.

Senator Boyd then sought to bring up the bill creating the department of geology, but Senator Johnson obtained the floor, and a wrangle ensued. The chair allowed Senator Johnson five minutes, which he devoted to scoring the majority, denouncing the enforcement of the rule which prevented the minority from explaining their votes. When the five minutes expired the presiding officer interrupted Johnson, who continued his denunciations. Whereupon the chair ordered the roll called. Great confusion and excitement prevailed and the republican senators gathered about Johnson, who defiantly challenged any doorkeeper to seat him. For a time a free fight seemed imminent, and when quiet was restored it was announced that a caucus of republicans would be held immediately after adjournment. It is thought all the republican senators may decide to resign their seats and leave the senate without a quorum.

PUT HIM TO SLEEP!

"Big Jim," the Farm Hand, Tackles White, the Pugilist.

BALTIMORE, Feb. 20.—A prize fight took place between 3 and 4 o'clock, this morning, on a Pennsylvania farm near the Maryland line, for a purse of $300 contributed by Baltimore clubmen.

The contestants were Billy White, of New York City, and Con Tobin of Albany, N. Y. Both are heavy weights.

In the first round Tobin broke his left forearm and the knuckles of his right hand were split. He could not go on and the fight and purse were given White. White gave Tobin $50.

Billy then volunteered to continue to fight if the spectators could get some one to stand up to him. "Big Jim," a farm hand, said he could knock White out and stripped for the fight. At the end of the sixth round Jim was sleeping. He got $20 for his punishment.

RETURNED AT WAR.

Rich, the Meat Market Man, Accused of Selling an Aged Article.

There is a lively war between the butchers, over some beef killed for Rich, the Harrison street dealer, by Leykauf.

A sample of the slaughter hangs in front of the shop and judges pronounce it bad.

Mr. Fred Eckart examined it this morning and found it, he says, decayed. He directed the attention of the health officer, Dr. Metcalfe, to the matter and demanded that the meat be condemned.

Dr. Metcalfe doubts his power in the premises and a pretty war is on.

It suggests the necessity of a city meat inspector, and to be serious there is urgent need of such an officer.

RIVAL MARKETS.

The East and West Side People Striding for Trade.

Since the country produce market has been driven from Calhoun street, there is great rivalry between the east and west side buyers for market favors. It will be recalled that the council offered Harrison and Barr streets to the farmers.

Some of the west side merchants send their agents to Barr street and for cash considerations induce farmers to drive to Harrison street. The other side has not resorted to these tactics, but say they will if the war is continued.

In the meantime the farmer is living like a prince.

THE MAGOUNS.

The New Road to Come to Fort Wayne Before June.

General Manager Haskell, of the Mahoning road, was at Findlay yesterday, and stated that his company had signed a lease for ninety-nine with the Lake Erie and Western road, for the use of their tracks, yard and depot and right-of-way through the city. This looks as if the company intends to go east via the northern route and pass through Tiffin. He also expected to be running their trains into Fort Wayne, Ind., by the first of June.

FRANK FALKER.

He Announces His Candidacy for City Marshal.

Mr. Frank Falker, assistant secretary of the senate, writes a friend from Indianapolis that he will be a candidate for city marshal in the spring, before the democratic primaries.

This precipitates a lively battle for this place since the present marshal, Dick Meyers, Officer Henry Franke and James Wilkinson, the federal marshal, are candidates for the place.

A White Debtor is Sold in Montana at Public Auction by a Negro Constable.

HELENA, Mont., Feb. 20.—On Monday, J. M. Chatworthy, a white man, drew a pistol on a negro, for which offense he was fined fifty dollars and costs, making fifty-four dollars. Not having the money he was put up at auction yesterday, by the negro constable, to be sold to the highest bidder, according to the law, which also requires that the debtor shall be kept by the purchaser the number of days during which the fine runs at the rate of seventy-five cents a day. The prisoner was knocked down to one of his friends at twenty-five cents a day, the bidding not being lively.

CONGRESS.

WASHINGTON, Feb. 20.—The senate to-day passed the senate bill for the relief of settlers in Hettinger county, Dakota, and the senate bill granting to the Hot Springs Benevolent association the right to occupy and control certain lands in Hot Springs, Arkansas, for hospital purposes for the visiting poor; also the resolution of Mr. Hoar in relation to the administration of the sugar division of the appraiser's office in New York, by John McElew.

At the conclusion of the morning hour the sundry civil bill was taken up.

The senate committee on public buildings and grounds reported favorably to-day the bill for a building at New Bern, N. C., with the appropriation reduced from $100,000 to $75,000.

HOUSE.

Mr. Cogswell, of Iowa, called up the conference report on the direct tax bill, in the house, to-day, directly after the reading of the journal. Mr. Crisp antagonized it with the Sullivan-Felton election case. By a vote of 134 nays to 93 nays the house determined to consider the conference report. Mr. Bland then moved a reconsideration and Mr. Kelly moved to table the motion to reconsider.

The house has agreed to the conference report on the direct tax bill. It now goes to the president.

WEDNESDAY, FEB. 20, 1889

UP to date the federal marshals have made 108 arrests on indictments returned by the grand jury. What a pity Dudley is not one of the many.

THE building associations of Indianapolis are taking action on the Barrett tax bill. The controversy will undoubtedly result in wholesome reforms being enacted.

THE Washington *Democrat* has hoisted the name of James C. Lavelle, auditor of Daviess county, as the democratic nominee for state auditor in 1890. Political flowers that bud so early will be plucked first.

GEN. MILO S. HASCALL, of Goshen, is sending to his soldier friends a pamphlet copy of "Personal Recollections Concerning the Battle of Stone River"—a paper read by request before the Illinois commandery of the Military Order of the Loyal Legion of the United States, at Chicago, on the 14th inst.

IT is a broad statement—but the authority of Hon. Hugh McCulloch is good—that no bank in the United States, the capital of which was a cash realty, and whose managers were not thieves or the borrowers of its money, has ever failed. All bank failures, he asserts are fraudulent, and all who are responsible for such failures are betrayers of trusts and should be punished as criminals.

THOMAS M. NICHOLS, extensively known throughout the country as "Honest Money Nichols," and who died in New York City on the 10 inst., after a protracted illness, was Governor Porter's prompter during the memorable joint discussion between Porter and Franklin Landers in the campaign of 1880. Mr. Nichols made himself quite conspicuous on the platform in this city and still more so at South Bend.

THE authorities of New York City are already discussing the necessity of placing wires underground and prove such a change to be economical. It was stated in a communication from the president of the Manhattan Electric Light company that the operation of underground cables has proved available and desirable after a year's test. The Western Union Telegraph company has removed 250 miles of wires from the streets since January.

THE conference called by the American tariff reform league began at Chicago yesterday under the most favorable auspices. Delegates to the number of several hundred are present, representing two thirds of the states and territories and including many gentlemen of national reputation. The proceedings at the opening session were full of interest and enthusiasm. T. Sterling Morton, of Nebraska, who was elected president, made a stirring address. Reports from all over the country showed a hopeful feeling among the tariff reformers. President Cleveland's letter was received with hearty demonstrations, and every allusion to him was applauded. Last night Charles W. Ladd, of Illinois, Governor Buckner, of Kentucky, and Thomas G. Shearman, of New York, addressed an immense meeting at Central music hall. The conference will continue until Thursday night. Among the delegates from Indiana are: N. C. Ransburg, Laporte; W. F. Palmer, Frankfort; William M. Boggs, Marion; Dr. A. H. Robbins, Rochester; F. W. McCaughery, Attica; Charles Vinson, South Bend; E. V. Bingham, Mishawaka; Albert Z. Foster, Terre Haute, and S. M. Foster, Fort Wayne.

THE location of the Fort Wayne Jenney Electric Light company's shops has been a matter of unusual interest since the complete destruction of the works by fire three months ago. The directors of the company met yesterday at the Wayne hotel, with C. A. Coffin representing the Boston syndicate, which owns a big block of the stock, and discussed the situation for four hours. At the conclusion of the meeting General Manager R. T. McDonald, stated that the works would in all probability, be removed to Brooklyn, N. Y., where the company now operate the old Armoux & Hochhausen electric light factory. The people of Fort Wayne will regret, of course, to lose the works, and the works will eventually regret to lose Fort Wayne. It is here they grow to greatness; here the light was first introduced, and all the time the city has been friendly to the company. We can not argue, however, that our people should, from their individual earnings, make good the losses of the company, for we could not justify such a course, and the precedent would never end. If the Fort Wayne Jenney Electric Light works can afford to lose their identity; if its promoters can afford to quit the city that knows and appreciates their achievements for a money consideration, then we can afford to lose them. Its not a choice but a necessity.

THE LEGISLATURE.

A New Salary Bill Engrossed in the House—School Books, Natural Gas and Civil Service.

INDIANAPOLIS, Feb. 20.—The economy and reform statesmen, deplorably few in number at this session, had their inning in the house yesterday, when Mr. Foster's bill fixing salaries to be paid county officers, instead of allowing them fees, came up for consideration as a special order. Mr. Foster talked long and loud without receiving any attention, while Mr. Kelley screeched, until as he remarked himself, "His whistle wouldn't work any more without water." He was guyed by some of the members and in reply to one of them he yelled, "You can't daunt me, gentlemen. My neck has been straddled too often in the last few years for anything of that kind." "Little Big," of the Marion county delegation, tried to convince the house that if the salaries were paid to the county officers the expense would be greater to the tax payers than if the fee system should be continued. In a county of 20,000 population he said that the yearly expense for salaries would be $18,000, while now the amount paid out is only $6,000. Mr. Kelley favored placing the officers on salaries and reducing the amount to be paid them even lower than the bill proposed. Mr. Pleasants finally moved that the bill be referred back to the committee, which would have virtually killed it, but the motion was laid on the table by a vote of sixty-seven to twenty-five, and the bill, after further discussion, was engrossed. A number of county officers were in the house lobbying against the bill. The salaries proposed for county clerks, auditors, treasurers and sheriffs are as follows: In counties where the population is 15,000 the sum of $1,500 per annum; for a population of 25,000, $1,750; for a population of 40,000, $2,000; more than 40,000 and less than 100,000, $2,500, and for more than 100,000, $3,500. The recorders, according to the same grades, are allowed $1,000, $1,250, $1,500, $2,000 and $2,500. If fees are used by the officers they shall be prosecuted for embezzlement. Sheriffs are allowed for boarding prisoners forty cents a day, and for conveying prisoners to prison or the state asylums, fifteen cents a mile. The officers are allowed deputies and assistants as follows: When the population is below 25,000 one deputy at $1,000 a year, except the sheriff, who shall have one deputy at a salary $1,000 and a bailiff who shall receive $500, while the recorder's deputy shall be paid $600; where the population is between 25,000 and 40,000 the salaries of the deputies shall be $1,200; where over 40,000, two deputies, one at $1,500 and the other at $1,200. Where there is a circuit, criminal and superior court the clerk shall be allowed one deputy for each office. The bill is not to apply to any person who has been elected to office already.

Johnson's Civil Service Bill.

Though the civil service bill which Mr. Johnson introduced in the senate is likely to receive very scant consideration from the majority, it is worthy of a careful reading.

It provides for the appointment of three civil service commissioners by the governor. They shall be appointed from the three political parties which polled the largest number of votes at the last general election preceding their appointment. They shall elect a chief examiner, who shall hold competitive examinations at stated intervals, and the appointment to all appointive offices in the state public institutions shall be conditioned upon a successful passage of the proper examination. Different clauses of the bill give the preference in appointments to honorably discharged soldiers, make promotion dependent on merit, and fix a time of probation for the appointee before his position is permanently given him, and prohibit political assessments.

The New School Book Bill.

The house in the afternoon considered the new school book bill prepared by a special committee appointed last week. The bill directs that the state board of education shall solicit propositions for compiling and publishing the text books needed, but it provides that no contract shall be entered into which will make the cost of the books to the school patron higher than the following prices: Spelling books, 10 cents; second reader, 15 cents; third reader, 25 cents; fourth reader, 30 cents; fifth reader, 40 cents; arithmetic, intermediate, 50 cents; arithmetic, complete, 45 cents; geography, elementary, 30 cents; geography, complete, 75 cents; English, German, elementary, 25 cents; physiology, 35 cents; history of the United States, 50 cents; copy books, 5 cents.

It is provided that it shall be a part of the terms and conditions of every contract for the publication of books that the state shall not be liable for any sum to the contractor, but he must receive his pay solely and exclusively from the proceeds of the sale of books. The school trustees, through the county superintendent, shall make requisitions for such books as they need. A minority of the select committee reported a bill authorizing the county commissioners to enter into contracts with publishers for the purchase of the books needed in their respective counties, and than furnish the books to the school patrons at cost price. The minority bill was prepared by Mr. Brownlee.

It is believed that the insane hospital board will be composed of Mr. Carson, of Shelbyville; Dr. James, of Muncie; and Joseph Finck, of this city.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put all caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Tasto Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you.

Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

Moralizing "Doc."

To the Editor of the Sentinel.

The moralizer (?) who writes for the *News* under the nom de plume of "Doc," has suddenly discovered that because a large number of republicans were indicted by the federal grand jury for illegal voting and election crookedness, they also should try and find out if the civil service law had been violated by democrats holding office. He bemoans the fact that a stringent election law is about to be passed (which will be the work of a democratic legislature.) He also asserts that "$500 was spent in one precinct where 300 votes were cast." He ought to be summoned before the federal tribunal to give them some pointers. Here are a few lines from his last card in the *News*: "What is this money used for? Three words answer the question fully, so far as Indiana is concerned: To buy votes." Did he receive one of Colonel Dudley's famous "blocks of five" letters? He certainly writes like one who got his ideas from a fountain head like Dudley's. By the way, has he ever lifted his pen to moralize on the "Dudley plan of campaign?" or on the manner in which the able (?) judge of the federal court came to the rescue of the notorious corruptionist, Dudley, evidently at the bidding of him who will soon assume the high office of chief magistrate of our grand country? Echo answers, "Well, hardly ever." He has something caustic to say about "boodlers, swag dividers, and spoilers." By way of a little seasoning to some of his moralizations let him pay his respects to the famous and much beloved (from a republican standpoint) Philadelphia boodler, who, for the sum of $300,000 contributed for legitimate campaign expenses, (Dudley handled the boodle) secures the chair in the presidential cabinet, which will have luck of it the most patronage-pie—that of postmaster general. But then he will administer affairs from a civil service standpoint. Of course Merchant Wanamaker will!

'Doc' must have had in mind a number of the president-elect's cabinet officers when he wrote: "Fealty to party and unquestioning obedience to the dictates of the ring leaders, (here between the lines should appear the names of Quay, Dudley, etc., etc.,) is the open sesame to the public crib."

Yours Respectfully,
ANTI-DOC.

Bad Work at Hurshtown.

To the EDITOR of THE SENTINEL:

There is a small village in the northern part of Allen county, by the name of Hurshtown, which is the ruination of many of our promising young men. They meet at a certain place in the village for the purpose of gambling, smoking and drinking. The liquor which curses them, is sold principally without a license, and contrary to law, is kept and disposed of in the same building where the postoffice is. Let this be a warning to the liquor dealer. If such practices are not discontinued the officers will be notified.

Governor Larrabee.

DES MOINES, Ia., Feb. 19.—The indictment of Governor Larrabee by the Polk county grand jury for criminal libel of Mrs. H. S. Turner has created wide spread comment. The indictment was decided upon by the jury on Friday night. Bail has been fixed at $500 and has been given. The governor's counsel has asked that the trial be set for Thursday of this week.

CURES FOOT ROT, SHOULDER-ROT, SCREW-WORM AND SCAB IN SHEEP!

EVERY NIGHT I SCRATCHED

Until the skin was raw. Body covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came almost in layers, accompanied with itching. I would scratch every night until I was raw, thus the next night the scales, being formed meanwhile, were stretched all again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I cured the disease thirteen months before I began using the Cuticura Remedies and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know of a great many who have used them, and thank me for the knowledge of them, especially mothers who have babies with scaly eruptions on their heads and faces. I cannot express in words the thanks to you for what the Cuticura Remedies have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clear as a baby's.

Catarrh to Consumption.

Catarrh in its destructive force stands next to and undoubtedly leads to consumption. It is therefore singular that those afflicted with this fearful disease should not make it the subject of their lives to rid themselves of it. Deceptive remedies concocted by ignorant pretenders to medical knowledge have retarded the confidence of the great army of sufferers in all advertised remedies. They become resigned to a life of misery rather than torture themselves with doubtful nostrums.

But this will never do. Catarrh must be met at every stage and combated with all our might. In many cases the disease has assumed dangerous symptoms. The bones and cartilage of the nose, the organs of hearing, of speech and of taste may be affected or destroyed. The uvula so elongated, the throat so inflamed and irritated as to produce a constant and distressing cough.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional, instant in relieving, permanent in curing, safe, economical and never failing.

Each package contains one bottle of the Radical Cure, one box Catarrhal Solvent, and an improved Inhaler, with treatise, price, $1.

THE NEWS AT THE DEPOTS.

The Busy Hum as it is Heard Around the Railroads and Factories of the City.

Engineer Joe Woods has returned from Texas.

Big stock shipments are passing east on the Pittsburg road every day.

Ticket Agent Dick Thompson, of the Wabash, went east this morning on the Pittsburg.

The boiler department of the Pittsburg shops is engaged on work for the new locomotives.

Fred Miller, machinist at the Base works, has returned to duty after a sickness of some time.

G. M. Wheeler, traveling passenger agent of the Missouri, Kansas and Texas road, was in the city last evening

Clerk Christ Daseler attended to many of the duties of the foreman of the machine department at the Pittsburg car shops during the latter's sickness.

Geo. Hebbison, night watchman at the Wabash shops, says the thermometer at that place indicated four degrees below zero at six o'clock this morning.

The Grand Rapids and Indiana railroad company is hauling an average of sixty car loads of ice a day from Michigan to Cincinnati and other southern points.

The Sunday freight trains on the Pittsburg road are now a thing of the past and the trainmen can hereafter have their one day of rest in seven as other men do.

George Needhammer, formerly of the Pittsburg shops, has not gone to Huntington as stated a few days ago, but is now is in the employ of the electric light company in this city.

Many of the manufacturers in the southern part of the city send their telegrams through the office of the Western Union located in the Pittsburg waiting rooms. Operator Weller is in charge of it.

Hiram Philley will take the position of clerk under Foreman of Road Engineers A. H. Polhamus, at the Pittsburg, made vacant by the resignation of Harry Polhamus. Mr. Philley is a pleasant and capable young gentleman.

The Wabash management has created a new position—that of inspector of station and train service. C. W. Hazletine has been appointed to fill the position. His special work will be to see that station agents and trainmen are well posted in their duties and are working for the best interests of the road.

The fastest running done by the limited express train over the Vanderbilt lines, between New York and Chicago, is done over the 143 miles of track between Toledo and Elkhart, Ind. This distance is covered in 160 minutes, and the train line to slow up four times at railroad crossings and make two stops at stations.

The east bound shipments of grain, flour and provisions by the Chicago lines in the Central Traffic association last week aggregated 41,292 tons, against 35,840 for the previous week, an increase of 5,452 tons, against 41,656 for the corresponding week last year, a decrease of 664 tons. The Vanderbilt lines carried 42.2 per cent of the total; the Pennsylvania lines, 26.7; the Grand Trunk, 22.5; the Baltimore & Ohio, 7.9; the Big Four, .7.

W. H. Polhamus, who for the past seven years has been clerk at the Pennsylvania company's offices in this city, has resigned that position and will about the 15th of next month enter the gents' furnishing business for himself. He will open an establishment in a new building on Calhoun street, south of the railroad. Mr. Polhamus is a pleasant and competent young gentleman and will meet with success in business. He has a host of friends, and, with them, THE SENTINEL wishes him success.

The Pullman Palace Car company, according to current report, is about to establish a second-class sleeping car service on a part of the systems over which it operates. The charge will be about half of the present rates. The plan seems to be to try this new scheme at first only on trains running between the chief centers, with a prospect of extending it indefinitely. The Pullman management considers that the new project would appeal to a large number of travelers who are prevented by high charges from availing themselves of the luxury of sleeping cars.

In the centennial year the number of pieces of baggage handled by the Pennsylvania railroad company amounted to 1,600,000, which was the highest point reached up to that time, and was then considered a remarkable record for the year. These figures, however, dwindle into insignificance when compared with those of the year just closed. In 1888 the number of separate pieces handled reached 3,200,000, representing an aggregate money value of $800,000,000. These figures include only "outbound" baggage or that which has been checked and forwarded. The "inbound" receipts amount to about 1,800,000 pieces, aggregating a grand total of 5,000,000 pieces handled. Of this number, it is reported, only three pieces were lost en route from starting point to destination.

CAPTAIN BOLTZ.

He is Endorsed for Postmaster by an Old Army Comrade.

General Reub Williams says in the Warsaw *Times*: "The old members of what is generally known as the Twelfth Indiana infantry, will be pleased to learn that Ferdinand Boltz—the sergeant major of that command—is a candidate for the postmastership of Fort Wayne. After the "muster out" of the original Twelfth Indiana infantry, Boltz became a captain in the gallant old Eighty-eighth Indiana, of which the late George Humphreys was the colonel, and at Bentonville, N. C., one of the last struggles of the war, Boltz covered himself all over with glory, and did very effective service. There is no man whom the surviving members of both the Twelfth and the Eighty-eighth would like to see recognized more than Ferd. Boltz, and we are happy to learn from those conversant with the situation that his prospects for getting the position are unusually bright."

Sealed Proposals.

Sealed proposals will be received until 2 o'clock p. m., on the 10th day of March, 1889, for the labor and materials required in the erection and completion of a new church building for the Second Presbyterian church, Fort Wayne, Ind., in accordance with the plans and specifications, copies of which can be seen at the office of F. B. Kendrick, Architect, 38 Calhoun street.
